

GoSpeak!™

Reach the Audience

ULTRAPORTABLE AMPLIFICATION SYSTEM

- Voice Amplification
- Folding Flat Panel Speakers
- Rich Stereo Sound
- Slim, Light and Easy to Carry

INTERLINK
ELECTRONICS

REACH THE AUDIENCE

From your opening remarks to your closing statements GoSpeak! ensures that your message is heard with clarity and power. GoSpeak! delivers the quality voice amplification to reach audiences of up to 200 people, in an astonishingly thin and light design that folds up and is easy to carry with you.

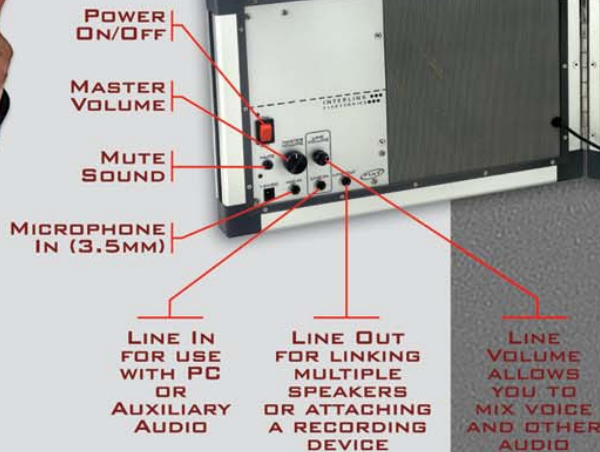

Breakthrough flat panel Surface Sound™ speaker technology from NXT® makes clear and rich omni-directional stereo sound possible in such a small package. Add sound effects and music to your presentation by connecting your computer or other auxiliary audio system.

There is no complicated set-up, just plug in the speaker, connect a microphone and you are ready to start speaking.

So bring along GoSpeak! and start winning over the world...one audience at a time.

IDEAL FOR USE IN:

- Training Sessions
- Seminars
- Keynote Addresses
